

How to fill the OLM, Suppression Request and Demographic Correction for Disputes raised by Experian to the Member Institution

No change

Consumer mentions that “The account should be **Closed** but reflecting as **Active**”. As per Member Institution it is **Active**, then this can be mentioned as “No Change” in the email body. For such cases no data needs to be updated in OLM format.

OLM

OLM sheet has 16 (A to O) columns that Member Institution needs to fill up for any correction in the data disputes.

- A & B are Consumer Name & Account Number respectively.
- From Column C to Column O, there are different columns that need to be filled up as per the specific dispute.

Suppression Request

The form has 4 columns A to D that need to be filled as per the specific dispute

Demographic Dispute

The form has 15 columns A to O that need to be filled as per the specific dispute

Close & Active

Consumer has mentioned that the Account should be Closed but reflecting as Active

- If the Account is active as per Member Institution’s data, then Member Institution has to mention “No Change”.
- If the account is closed as per Member Institution’s data then Member Institution has to fill OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Column E & F - Current balance and amount overdue to be filled as Zero.
 - Columns G & O - Date Closed and Date Reported
 - Date Closed is the date when Consumer closed the Loan Account by making full payment to bank.
 - If any payment is still pending to be made from Consumer’s end, then status would be SF/WD/WO/SET/RES (Suit Filed/ Wilful Default/ Written Off/ Settled/ Restructured).
 - Date Reported is the date when Member Institution sent the data to Experian.

DPD

Consumer has mentioned that the DPD should be Zero but reflecting as incorrect for a month or ranges of months.

- If the DPD marked is correct in as per Member Institution data, then Member Institution has to mention “No Change”.
- If the DPD does not match Member Institution’s data, Member Institution has to fill OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Date Reported has to be mentioned (Column G) if the account is closed
 - If the case is for DPD only (account will stay as active), then fill “Number of Days Past Due” (in days) in column I.
 - If there is no DPD (delinquency) on the part of the Consumer, this needs to be mentioned in column I.
 - DPD has to be updated in OLM for each & every month, where DPD needs to be corrected for multiple months.
 - Date Reported (Column G) also needs to be mentioned in the respective column for each month.

Does Not Belong

Consumer has mentioned that the account does not belong to him / her

- If the Account does belong to the Consumer as per Member Institution data, then Member Institution has to mention “No Change” alongwith Demog details (Name, Email id, PAN, Address with pincode, DoB, Mobile number) of the Consumer in the email body.
- If as per Member Institution’s data, the Consumer does not have the Account then Member Institution has to fill the Suppression Request form with the following details
 - Consumer Name / Account number
 - In the Comments section – please mention “This Account needs to be suppressed”

Enquiry does not belong to Consumer

Member Institution has to follow the same steps as mentioned under Does not Belong. The only difference here would be that in Column “C” of the Suppression Request form, the Enquiry Number needs to be mentioned instead of Account Number.

Ownership Issue

Consumer has mentioned that the Account type should be Individual but reflecting as Joint

- If the account ownership is the same as per Member Institution's data, then Member Institution has to mention "No Change".
- If the account ownership needs to change, Member Institution has to fill OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Column O - Correct ownership needs to be mentioned

Account Type

Consumer has mentioned that "Account type should be X but reflecting as another"

- If the account type matches as per Member Institution's data, Member Institution has to mention "No Change".
- If the account type needs to change, Member Institution has to fill the data in the Data Submission Format and share the file with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Date reported – Please note that the date reported will need to be a different one from the one that was already report earlier – eg if the original reported date was 3rd May 2022 / the new date will be subsequent date onwards and not the same date.
 - Correct Account type

Sanction Amount /Highest Credit

Consumer has mentioned that "Account Sanction Amount / Highest Credit should be 123 but reflecting as 456 "

- If the Account Sanction Amount / Highest Credit is as per Member Institution's data is same as the reflected amount in CIR, Member Institution has to mention "No Change".
- If the Account Sanction Amount / Highest Credit need to change, Member Institution has to fill OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Column H for Account Sanction Amount / Highest Credit

Current Balance/Amount Overdue

Consumer has mentioned that the "Account Current Balance and Amount Overdue should be Zero but reflecting as XXX"

- If the Account Current Balance and Amount Overdue is XXX, as per Member Institution's data, Member Institution has to mention "No Change".
- If the Account Current Balance and Amount Overdue is Zero and need to change, , Member Institution has to fill OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - Column C & D for Account Current Balance and Amount Overdue respectively.

Demographic Details

Consumer has mentioned that the "Gender should be M but reflecting as F"

- If the Gender is F as per Member Institution's data, Member Institution has to mention "No Change".

- If the Gender is M and needs to change, fill the Demographic OLM and share the data with Experian on SFTP / STS portal. The fields that need to be updated are as follows
 - In the file named Demographic OLM, the columns “B & C” will remain the same as per Member Institution’s data.
 - From Column D to column Q, Demographic fields are mentioned - Name, DOB, Gender, Address, Mobile No., Email ID & PAN.
 - There are 2 sub-columns under each of these
 - Field to be changed - current value - Data which is reflected in CIR
 - If the data needs to be changed, Member Institution has to mention “No Change” in New Value
 - Field to be changed - new value – Data as per Member Institution’s data
 - If data needs to be updated in the CIR, Member Institution’s mentions the correct data under “Field to be changed - new value”

Note to remember

1. All the “No Change” can be mentioned in the email body
2. If the date closed is not mentioned for cases where the Consumer claims that the account is Closed but reflecting as Active, then the account would be mentioned as Active automatically.
3. For DPD cases where it needs to be updated for more than 1 month, the Member Institution has to fill Column A, B, C & D for all the months.
