Please Note: **In cases where the CI is liable to pay compensation to the consumer, ECICI will inform the CI of the delay and the applicable compensation and share the details of the Savings/ Current accounts of the consumers once the consumers have shared the same with ECICI. ECICI will not pay compensation on behalf of any CI to the consumer. The relevant CI has to make a payment within five calendar days as per the provisions of the circular.**

5. Process – Complaints raised to CI and where the CIR has to be delivered to the CI

ECICI will deliver only those reports where the complainant approaches the CI with a dispute pertaining to a specific Experian Credit Information Report only. As such the CI may accept or reject such complaints raised to them. In case they accept the dispute then they will have to share any data correction in the OLM formats. Kindly ensure that the OLMs are placed in the SFTP (STS) folders assigned to you and not manually shared on email, to ensure delivery of Credit Information Reports.

1. Delivery of CIR for complaints that are highlighted to the CI – ERN (13 Digit Experian Report Number), Complaint Ticket ID (for disputes related to ECICI – it will be the CASE NUMBER, For CIs it will be as per their extant systems) Date of receipt of Complaint at CI is to be mentioned. The same is detailed in the attached OLM formats.
2. Scenarios for the CIR delivery are as below.

- CIRs will be delivered only for successful OLM records processed successfully and not for Rejected OLM Records. It is the responsibility of the CI to send complete and correct information in the OLM files.
- For Successful OLM Records Processed, below are the scenarios
 - Scenario 1: If CI does not send ERN number
 - then CIR will not to be generated/ delivered
 - Scenario 2: if ERN number is invalid (example less than 13 digits) or if ERN number is not present in the system
 - then CIR will not to be generated/ delivered
- For scenario 1 & 2 where CIR is not generated, logs will be shared on the STS (SFTP) id.
 - Scenario 3: CI sends ERN in OLM,
 - ERN number is a 13digit number – please refer to attached file – How to get ERN or CIR Number of Experian.png.
 - A fully masked CIR (soft pull not leaving a footprint on the CIR) with the nomenclature “cinpid_ERN_ddmmyyyy” will be placed on CI’s STS ID.
 - Kindly arrange to have the same downloaded onto your local systems within 7 calendar days of the CIR being delivered, else the same will be deleted.

Please Note that in order to avoid any repeat complaints the onus of ensuring that the subsequent month’s data submission does not override any previous OLM submissions, lies with the CI.
